

Metadata description – Milestone 4.1 – Cooperation process

Name of dataset (incl. internal ID and doi number):	Interview notes from cooperation process between the Finnmark Estate and local village council
Project:	FutureArcticLives
Work package	4
Data owner (i.e. institution)	Norwegian Institute for Nature Research (NINA)
Involved researchers (collecting or using the data)	Stine Rybråten (NINA)
Where can the data be obtained (i.e. link to repository)	Interview notes securely stored at NINA on password protected One Drive
Terms of use (link to license agreement)	Cannot be shared due to ethical government approval in Norway
Contributing to which objective in FutureArcticLives	4.1 and 4.2, feeding into deliverable D4.1
Data collection procedure (link to protocol, questionnaire etc.)	The work follows the process of developing solutions for cooperation between the Finnmark Estate (Finnmarkseiendommen) and a local village council to gain insight in this operation's method development for improved communication and collaboration between local inhabitants and the regional level of natural management.
Variable names	Initial conversations have been carried out with the director of the Finnmark Estate and the leader of the local village council to understand the background of this initiative and the goals of the process. Further conversations and potential interviews will be carried out as the process evolves.
To-do-list for data wrangling	An interview guideline will be prepared and presented as the study evolves.
Version number and changes made since previous version	Data is still being assembled (as of August 9 th 2022) delayed by the COVID-19 pandemic
